RABIES VACCINATION REQUIRED FOR ALL-AMERICAN DAIRY SHOW CATTLE IN ADDITION TO CERTIFICATE OF VETERINARY INSPECTION

Harrisburg, Pa. (August 30, 2022) – All cattle exhibited at the 2022 All-American Dairy Show are required to receive a rabies vaccination prior to arriving to the Pennsylvania Farm Show Complex & Expo Center in Harrisburg, in addition to the Certificate of Veterinary Inspection (CVI), according to the [2022 Animal Health Rules for the PA State Fairs](#).

Below are the complete Veterinarian's Checklists for Pennsylvania and out-of-state cattle for exhibition.

VETERINARIAN'S CHECKLIST	
Out-of-State Cattle for Exhibition	
1.	Certificate of Veterinary Inspection: Out-of-state cattle must be accompanied by a Certificate of Veterinary Inspection signed and dated by an accredited veterinarian with an inspection date within thirty (30) days prior to the date of arrival at the show. All animals must be free of evidence of infectious and contagious diseases and a statement of this is required on the CVI.
2.	Vesicular Stomatitis (VS): This applies to cattle entering Pennsylvania from states that experienced a Vesicular Stomatitis outbreak in the last 12 months. In these cases an accredited veterinarian shall determine whether the animals are free from VS, and animals shall be accompanied by a CVI with the following statement signed by the accredited veterinarian: "All animals identified on this CVI have been examined and found to be free from VS. During the past 90 days, these animals have neither been exposed to VS nor were located within 10 miles of a site where VS has been diagnosed."
3.	Cattle Identification Requirements: All cattle for exhibition must be identified by an ISO-compliant, 15-digit RFID 840 ear tag. An ISO-compliant, 15-digit 900 series ear tag that was placed prior to January 1, 2015, will be accepted as official identification.
4.	TUBERCULOSIS REQUIREMENTS a. No test is required for animals originating from states or zones designated as accredited free by the USDA. b. All animals originating from states or zones designated modified accredited advanced by the USDA must be test negative within the 60 days prior to the date of importation. The negative test results and dates of tests must be included on the CVI or the animal must be accompanied by a negative test report (a copy of the original report is acceptable). c. All animals originating from states or zones designated modified accredited by the USDA must originate from herds in which all animals 12 months of age and older are test negative within the 12 months prior to the date of importation and the individual animals (all ages) to be imported are also test negative within the 60 days prior to the date of importation and at least 60 days after the negative whole herd test was completed. The negative test results and date of test must be included on the CVI or the animal must be accompanied by a negative test report (a copy of the original test report is acceptable).
5.	VACCINATION RECOMMENDATION: A RABIES VACCINATION IS REQUIRED FOR 2022. It is highly recommended that all animals entering the show be immunized against IBR, P13, BVD, and BRSV. It is strongly recommended that at least one vaccination against IBR, P13, BVD, and BRSV be given after January 1 of this year.

VETERINARIAN'S CHECKLIST	
Pennsylvania Cattle for Exhibition
